# Specification (P3 ST):

## Parameters:

- 100% galvanised and powder-coated steel
- panes: 6 mm toughened glass
- roof: 6 mm cellular polycarbonate with UV filter
- 6 foundation points
- multiplication possibility
- full statics for all locations
- series of frames can be formed

## Multiplications:

The structure allows creating combined systems:

This ensures not only greater opportunities for equipment arrangements in the commercial establishments but also financial savings.

Each our structure is adapted to the weather conditions prevailing in the specific area basing on wind and snow maps.

The production process is carried out on the basis of the standards:

**PN EN 1090 -1-2**  
**ISO 3834**

Every product has a certification mark:
